

# Project Newsletter

August 5, 2015

## City of Madison Lake **ANNEXATION**

Shaun Mickelson, the primary ISG Construction Field Representative, will be pursuing another career opportunity with a plastic pipe manufacturer. Shaun will be missed, but we wish him the best of luck. From now on, Bill Dunn will be the primary ISG contact. CIC residents will remember Bill from last fall. Bill's contact information is at right.

This newsletter will be issued less frequently now that major construction is essentially complete. It is anticipated that more newsletters will be issued, but just not on a weekly basis anymore.

Again, please be mindful of newly seeded or fine graded areas when driving and parking. **Any seeded areas that are now established are now the responsibility of the individual property owners.** Any recently seeded areas or areas to be seeded will be the responsibility of the Contractor until turf is established. However, this assumes that damage is not caused by the public.

### CIC Area

Paving is complete. The Contractor has a punchlist to complete that will include final grading and seeding.

Final grading and seeding will follow.

### Nutmeg, Krason, Wheaton, & Clydette Areas

The final segment of paving on the entire project, Nutmeg Road, should be completed today. Notices were distributed to property owners yesterday. Vehicles will need to stay off of the road for today and will need to refrain from parking on it for a few days.

Final grading and seeding will follow. Touch-up grading and seeding on Krason, Wheaton, & Clydette will coincide with the Nutmeg work. The Contractor also continues to complete the punchlist.

### Project Contacts

#### City of Madison Lake

Ari Klugman, City Administrator  
507.243.3011

[ari.klugman@ci.madison-lake.mn.us](mailto:ari.klugman@ci.madison-lake.mn.us)

#### Project Engineer

Chris Larson, ISG  
507.387.6651

[chris.larson@is-grp.com](mailto:chris.larson@is-grp.com)
