City of Madison Lake **ANNEXATION**

As you may know, paving of lower Doran Drive between Units was delayed a year. The work is included in the 4th & 5th Street Reconstruction Contract. This newsletter is to inform property owners in the area that paving will be completed within the next couple of days. Work will consist of raising the manhole and valve castings to final grade, tolerancing of the gravel base, placement of the bituminous pavement, and minor fine grading and reseeding along the edge of pavement.
