## City of Madison Lake **ANNEXATION**

Several segments of watermain and forcemain have been bored along 615<sup>th</sup> Lane, within the Wheaton field, and connecting Doran Court with Krason Drive.

### CIC Area

Holtmeier Construction is scheduled to begin work on Monday, July 21, 2014, within the Duck Lake CIC area. Holtmeier plans to begin with service installations along the "lower" properties. These service installations will include sanitary and water from the approximate existing service connection point to approximately the right-of-way. Your existing septic system, holding tank, etc. will not yet be abandoned at this time. Once the main lines are in, Holtmeier will be able to come back to connect the services to the main lines.

### Nutmeg, Krason, Wheaton, & Clydette Areas

RL Larson is still tentatively scheduled to begin their open-cut utility work towards the end of August or early September.

Throughout construction, you may notice any number of stakes. Please do not tamper with these stakes.

The Contractors would like to remind property owners that all projected schedules are tentative and subject to change.

If you have any questions about your services, we encourage you to contact our Construction Field Representative, Shaun Mickelson. Shaun's contact information is listed to the right.

**If you have not yet done so, please return your executed temporary easement document to City Hall or ISG.**

### Project Summary

#### Construction Summary

- Sanitary sewer construction
- Watermain construction
- Street and Roadway Improvements
- Individual Service Line Installation and Connections
- Septic Tank Abandonment
- Final lift of bituminous surface by June 30, 2015
