## City of Madison Lake 2015 Utility & Street Improvements

The project is under design. You may recently have noticed survey stakes and utility locate flags within the project area. These are markers of things such as the locations of underground private utilities (gas, electric, phone, etc.), property lines, and other things that need to be surveyed in the field as a basis for final design. Please do not disturb these markings.

It is anticipated that an open house will be held in the relatively near future. This open house will allow property owners to review the preliminary design and discuss how the project will more specifically impact their property. Please watch for notices and announcements regarding the date and time of this open house.

In the meantime, we hope that everyone is enjoying their summer!

### Project Summary

#### Project Area

- 4<sup>th</sup> St & 5<sup>th</sup> St from Lakeshore Dr to Spruce Ave
- Spruce Ave from Main St to 1<sup>st</sup> St (CSAH 26)
- Chestnut Ave from Main St to 4<sup>th</sup> St
- Watermain loops along Point Ave and 1<sup>st</sup> St
